

# First Response, External Course

Learner's Name			
Title of 'First Aid' Course		Date of Course	

Contact Details of Trainer			
Name		Phone Number (in case of queries)	

In order for a 'First Aid' course to be directly equivalent to a Scout Association First Response Certificate ALL of the following areas MUST be covered by the 'First Aid' Course.

Please tick below if the area was covered(YES) or not covered(NO) as part of the 'First Aid' course.

Area	YES	NO
Principles of first aid and initial response (arriving and managing an incident)		
Initial response to a first aid situation		
Management of an unconscious casualty (child or adult)		
CPR, including technique for children and an explanation of what AED is and how to use it		
Shock		
Causes and treatment of unconsciousness		
Bleeding		
Heat exhaustion, heatstroke, dehydration and hypothermia		
Burns and scalds		
Fractures (ambulance imminent and non-imminent) and soft tissue injuries		
Minor injuries (for example cuts, grazes and nose bleeds)		
Meningitis		
Anaphylaxis (use of Epi pen)		
Spinal injury		

If the 'First Aid' course does not cover ALL of the above areas then the Learner should contact a Scout Association Training Advisor in order to validate the remaining areas.

The person named above attended the 'First Aid' course and covered the areas ticked above.
